lift museum stairs lake desert skyscraper mountains modern

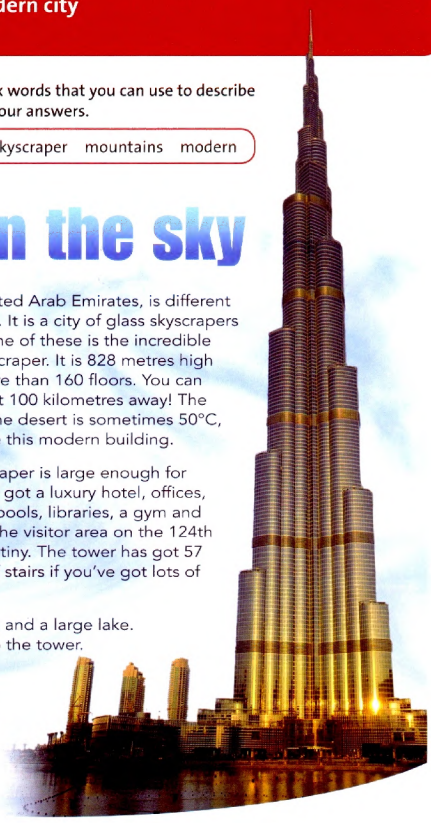

City in the sky

Dubai, in the United Arab Emirates, is different from other cities. It is a city of glass skyscrapers in the desert. One of these is the incredible Burj Khalifa skyscraper. It is 828 metres high and has got more than 160 floors. You can see it from about 100 kilometres away! The temperature in the desert is sometimes 50°C, but it's cool inside this modern building.

This amazing skyscraper is large enough for 25,000 people. It has got a luxury hotel, offices, restaurants, swimming pools, libraries, a gym and 900 expensive flats. From the visitor area on the 124th floor, the cars in the streets below are tiny. The tower has got 57 very fast lifts, but there are also lots of stairs if you've got lots of energy!

In the Burj Khalifa area there are parks and a large lake. There is a big shopping centre next to the tower.

Danger! Humans!

Which is more dangerous: a shark, a chair or a person?

When an animal attacks a person, there are always stories about it on TV and in the newspapers. But people are usually more dangerous than animals. Every year, we kill approximately 100 million sharks, but sharks only attack three or four people, and crocodiles six or seven. More people die in accidents with chairs!

Animals aren't really a problem for people, but we are a problem for animals. We eat millions of tonnes of fish and meat every year. But people don't kill animals just for food. They also hunt them for fur or for fun. While you're reading this, people are hunting whales in the Arctic, tigers in Asia and elephants in Africa.

At the moment, animals are becoming extinct in every part of the world. The 'red list' of animals in danger includes insects, frogs, chameleons, fish and bigger animals, like bears and whales. We aren't killing all these animals directly, but they are dying and becoming extinct because of human actions. Our pollution and construction is changing the climate and animals' habitats, and time is running out for some animals. It's important to change our actions now and save the animals!

Red list animals: The orca

1 The animals in this photo are orcas or 'killer whales'. In fact, an orca is not a whale, but a type of dolphin. Here they're swimming in a group near the shore. Maybe they're hunting for seals.

2 Orcas live in all of the world's oceans. They hunt and play in groups. They are aggressive and they usually eat fish, squid, seals and turtles. Females have one baby, called a calf, every two or three years.

3 Orcas are on the 'red list' because they are in danger of becoming extinct. Some orcas are in danger because there is pollution in the sea. They also die in fishing nets. I think that it is important to protect these animals.

1 Read the model text and answer the questions.

1 Which paragraph describes the life and habitat of the orca? Which describes a problem?
2 Do orcas live in groups?
3 What do orcas eat?
4 How often do females have calves?
5 Why are they becoming extinct?

READING ■ The history of English names

I can understand an article about the history of names.

SORRY? WHAT'S YOUR NAME?

1 ___ First names were important in England in the 11th century. The population was small and most people lived in villages. Surnames or family names weren't necessary because there weren't many people. When the French King William I invaded England in 1066, he wasn't happy with this. In his opinion, people needed surnames.

2 ___ In those days, there were different ways to choose a surname: some people used their job (Baker, Cook), some used places (Hill, Wood), and some used their nickname (Short, Brown) or the name of a parent (Johnson = son of John).

3 ___ These old surnames are common in modern Britain, but many first names are different. There is nothing new about naming a child after a famous person, but the type of celebrity is different today. In the past, the names of kings, queens, scientists, artists or writers were fashionable. For example, when Victoria was Queen of England in the 19th century, her name was very popular.

4 ___ Many British parents today name their children after pop stars, sports stars or film stars like Kylie, Keira, Brad and Wayne. They do this because they are fans of these celebrities. One football fan named his baby after the Manchester United team. His son has got a first name and ten middle names!

5 ___ Other parents want their children to have original first names and they sometimes choose the brand names of products. One year there were 298 Armanis, 49 Canons, 5 Jaguars, 1 Xerox and 353 girls named Lexus!

1 What are popular names for children in your country? Are there many unusual names?

2 2.39 **EGZAMIN** Read the text and match headings a–f with paragraphs 1–5. There is one heading that you do not need. Listen and check.

f First names of the past

1 You can have lots of middle names in Britain.
2 Some children have brand names for names.
3 Surnames were necessary in England before the 11th century.
4 Brown and Short were nicknames in the past.
5 Many parents named their daughters after singers in the 19th century.

4 **BUILD YOUR VOCABULARY** Translate the words in blue. Ask and answer the questions.

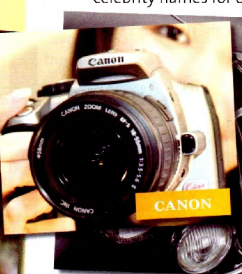

1 What is your first name?
2 Have you got any middle names?
3 Have you and your friends got nicknames?
4 Do you know the meaning of your surname?

READING ■ An adventure story

I can understand an adventure story.

My brother Peter and I were on a jungle wildlife holiday with six other people and Juan our guide. It was an amazing experience and we saw lots of monkeys, crocodiles and huge snakes. But one morning Peter and I did a very stupid thing.

We wanted to take photos of monkeys. We got up early and walked into the jungle. We didn't have to go far before we heard some monkeys. We were excited and we followed the monkeys for about ten minutes. Suddenly, Peter stopped. He was worried. "I'm not going to walk further," he said. "We'll get lost. I'm going back."

We looked around us. There were trees everywhere. The campsite wasn't far, but we had no idea which direction to take. "I think we are already lost," Peter said. "How are we going to get back? Nobody knows where we are. They'll never find us."

Then it started to rain. Luckily, I had a waterproof coat. We sat on our rucksacks with the coat over our heads. There were loads of mosquitoes and we had no insect repellent. We were scared and miserable.

After two hours, we heard a noise. It was Juan and he was angry. "You're very lucky," he said. But we were very happy. "We're never going to follow monkeys again," we promised. Juan laughed, "Come on. Let's go back to camp."

2

1 1.35 Check the meaning of the words and match them with symbols 1–6. Read and listen to the text and check your answers.

path hill railway forest river road

2 Read the text again. What other symbols are on a map?

MAPS

A map is a representation of a place. It's got a scale and a legend. A scale of 1:100,000 means that one centimetre on the map equals 100,000 centimetres, or one kilometre, in the place.
There are some symbols in the legend. An area with green trees is a forest and a blue line is a river. A black dotted line is a path. There is a small black triangle and a number for a hill. The number, for example 279, means that the hill is 279 metres high. Red lines are roads, and a railway is a black line with smaller lines on it. A black circle on a railway is a train station. A red area is a city or town. Next to the red area is the name of the city.

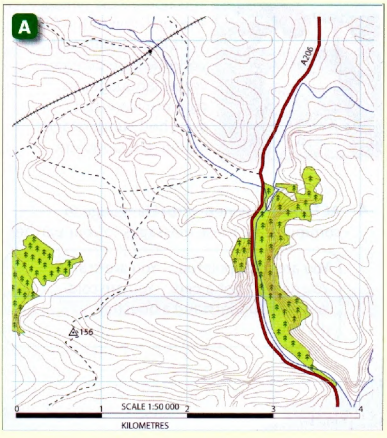

3 Look at map A and choose the correct words.

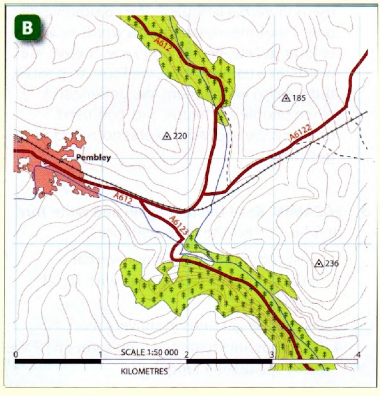

The scale is [1] **1:100,000** / **1:50,000**. There are a lot of [2] **paths** / **railways** on this map, and there's one [3] **hill** / **forest**. It is [4] **246** / **156** metres high. There's also a big [5] **town** / **road** and a [6] **train station** / **city** on the map.

4 Look at map B and answer the questions.

1 What is the scale of the map?
2 How many hills are there on this map?
3 How high are they?
4 How many forests are there?
5 Are there any roads on the map?
6 Is there a railway?
7 Are there any paths on the map?
8 Is there a city on the map? What's it called?

5 ACTIVATE Work in pairs and draw a map of a place you know or an imaginary place. Then work with another pair and ask and answer the questions in exercise 4 about your maps.

+ CURRICULUM EXTRA Language and literature: Non-verbal language

3

I can understand a text about different ways to communicate.

1 Check the meaning of the words and match them with faces 1–5.

happy tired confused angry surprised

2 1.50 Read and listen to the text. What is non-verbal language? Is it important?

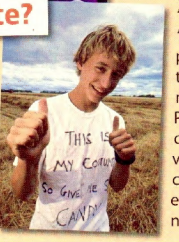

How do people communicate?

When we speak, we use words, but we also use non-verbal language. We communicate only 7% of the message with words or verbal language. Non-verbal language doesn't use words. In a conversation, we listen to people, but we also watch them. We understand when people are happy, sad, confused or angry. We use facial expressions and gestures.

Imagine you are in a café in China, but you don't speak Mandarin. A Chinese woman asks you a question and you say, 'Sorry, I don't understand.' She doesn't speak your language, but she understands you. That's because you look confused. The woman understands your non-verbal language.

In writing, we also use non-verbal language. Colours communicate important information. Everybody understands that red means 'stop' or 'dangerous'. Green means 'go' or 'safe'. We also use pictures and symbols. In this book, a CD symbol means 'listen to the CD'. People from different countries use different verbal languages to communicate, but everybody understands non-verbal language.

3 EGZAMIN Read the text again and write *true* or *false*. Correct the false sentences.

1 Most communication is non-verbal.
2 Verbal language is language with facial expressions.
3 People use gestures in conversation.
4 It's impossible to understand someone if we don't speak their language.
5 Red and green communicate the same information everywhere.

4 ACTIVATE Use non-verbal language to communicate these messages to your partner.

You are disappointed. You are scared.
You haven't got a pen. You are cold.
You don't understand a question.
It's late.

+ CURRICULUM EXTRA ▢ Physical education: Rules of a game

5

I can explain the rules of a team sport.

1 Match the verbs with actions 1–7.

catch pass bounce kick shoot score throw

2 2.34 Read and listen to the text. How many players are there on the court in a basketball game?

A basketball game

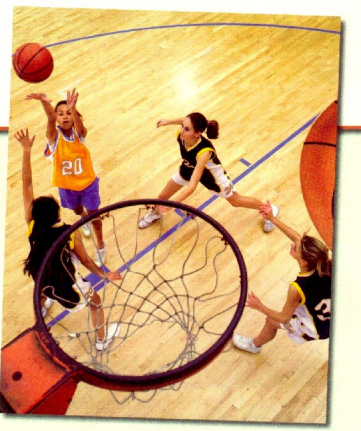

Basketball is from North America and all schools in the USA have got a basketball team. It's also popular in Britain today and many schools have basketball teams for both girls and boys.

Aims of the game

In a basketball game, two teams play on a court. There are two baskets, one at each end of the court. There are five players in a team and there are six extra players called substitutes. These players change with the others during the match. The aim of the game is for the players to shoot the ball into the basket. The team scores points when the ball goes in the basket. At the end of the game, the team with more points is the winner.

Rules

Basketball is a very fast game and there are a lot of rules to learn. A professional game in North America lasts forty-eight minutes with a fifteen-minute break in the middle. You can run and bounce the ball or pass the ball to a player on your team. You can only use one hand to bounce the ball and you can't bounce the ball, catch it and then bounce it again. It's forbidden to kick the ball or to throw it out of the court. You can jump when you shoot the ball into the basket. If you break any of these rules, the other team gets the ball.

3 Read the text again and answer the questions.

1 Where is basketball from?
2 What do the substitutes do?
3 How long is a basketball game?
4 How many hands can you use to bounce a ball?
5 Can you kick the ball?
6 What happens when a player breaks a rule?

Tyr

The Norse god Tyr was the god of war and he lived on a high mountain. His name became Tuesday.

Woden

Wednesday is Woden's Day. Woden was the father and ruler of all the gods. Woden was more important than all the other gods.

Thor

Thor was the god of thunder and he was very big and strong. The Norse people used his name for Thursday. It means Thor's day. Thor lived with his wife and children. There are many stories about Thor's life.

Frigg

Friday comes from Frigg's Day. Frigg wasn't a god; she was an important goddess and she was very pretty. Everyone loved her. In some languages, her name means 'wife' or 'love'.

✚ CURRICULUM EXTRA ▢ Technology: The internet

I can understand a text about the history of the internet.

1 Read the introduction of the text. Which of the things in blue do you do on the internet?

2 3.12 Read and listen to the text. What invention was very important for the development of the internet?

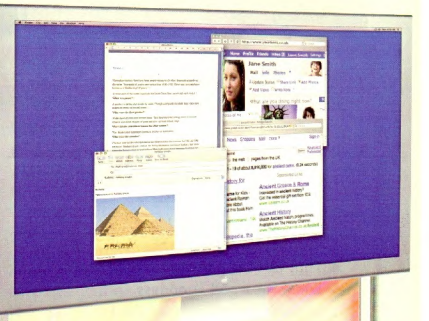

3 Read the text again and answer the questions.

1 What was the first name for the internet?
2 Who used the internet in the early days?
3 What did Ray Tomlinson do?
4 Why did Tim Berners-Lee use the symbol 'ch' in his website address?
5 Why did universities create search engines?

4 ACTIVATE Do a survey about how people use the internet. Ask four students about the things in blue in the text. Then write four sentences using the phrases in the box.

All four people ... Two / Three people ...
One person ... Nobody ...

All four people write emails. Two people buy music. Nobody downloads e-books.

The internet

Where do you look for information, play games, watch videos, download e-books and buy music? What do you use to write emails or chat to friends on websites like Facebook or MySpace? More than 1.5 billion people do these things on the internet every day. Today, the internet is all over the world, but fifty years ago it did not exist.

The internet started in 1969 in the USA. It was called ARPANET at first, but its name soon changed to 'the internet'. Universities used it to communicate ideas and information. In those days, computers were enormous machines and not many people used them.

This began to change in 1971 when Ray Tomlinson, an American engineer, sent the first email message. He chose the symbol @ on his keyboard to identify his email address.

The internet didn't become really popular until Tim Berners-Lee, an English scientist, invented the World Wide Web in 1989. His invention was very important because it became possible to do a lot more things on the internet like listening to music and watching videos. He created the first website and named it info.cern.ch. He used the symbol 'ch' for Switzerland because he worked in Geneva.

After that, people created millions of websites on every topic. At first, it wasn't easy to find information, so in the early 1990s many universities developed search engines. Lycos was one of the first of these and later, Yahoo! and Google became very popular.

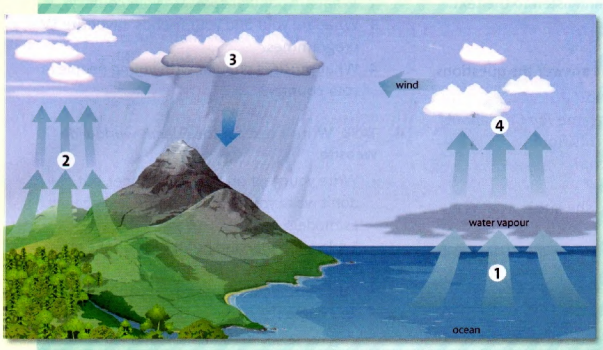

Today, you don't need a big computer to go on the internet. You can use a smart phone or a laptop with a wi-fi connection. Internet technology is changing all the time and it is changing our lives.

✚ CURRICULUM EXTRA ▢ Natural science: Weather and climate

8

I can understand and use weather charts.

The water cycle

When it's [1]**cloudy / sunny**, the water in rivers and oceans becomes warmer. Some of the water becomes [2]**water vapour / rain**, and it goes into the air. This process is called evaporation.

Water from plants and trees also goes into the [3]**ocean / air**. This process is called transpiration.

When the water vapour travels higher, it becomes [4]**colder / warmer**. The water vapour becomes water again, and this makes [5]**clouds / ice**. This process is called condensation.

[6]**Fog / Wind** moves the clouds over the land and it starts to rain. When it's very cold, it snows. The rain or snow is called precipitation. This water goes into rivers and oceans, and then the water cycle starts again.

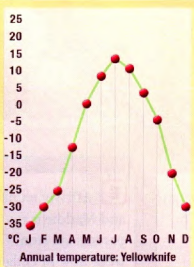

1 3.29 Read the text and choose the correct words. Then listen and check your answers.

2 Read the text again and match the words in the box with labels 1–4 in the picture.

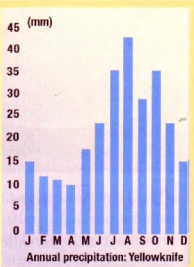

evaporation transpiration precipitation condensation

3 Look at the weather charts for the average precipitation and temperature in Yellowknife and read the text. Find three mistakes in the text.

Yellowknife is in the north of Canada. It's on the Yellowknife River and it's about 400 kilometres south of the Arctic. It isn't a rainy city, but it's very cold and snowy in summer. There's more precipitation in the winter than in the summer. It's colder in December than in any other month of the year.

Friends worldwide

A G'day! I'm Zak and I'm from Sydney in Australia. I'm mad about surfing and the beaches here are fantastic for it. I like rugby and I'm in the school team, but I'm not very good. I'm also interested in computer games and I love cars. My favourite programme is *Top Gear*. My sister Jess can't stand it because she hates cars!

B Hi! My name's John and Maddie is my sister. Our parents are from China, but we're now in Oklahoma, USA. We're into basketball and we're fans of the Oklahoma City Thunder. Our favourite player is Thabo Sefolosha. He's from Switzerland. I'm interested in birdwatching and I've got some amazing photos of eagles.

C Hi! I'm Carla Oke and I'm from Manchester in the UK, but my mum is from Nigeria. I'm really into music. I like hip hop and my favourite singer is Ms Dynamite. All my friends love her music, too. Liverpool Belfast Scotland England

I love Liverpool

Hi. I'm Anna and I'm from Liverpool in the north-west of England. It's a big city, but it's really friendly. There are loads of interesting things to see and do here. Liverpool is on the River Mersey and my favourite place is the Albert Dock. This is a group of old historic buildings by the river. There are bars and restaurants, an art gallery and some museums. Anfield stadium is a fantastic place to visit if you're into football. There's also a tour of the city in the Yellow Duckmarine - it's a bus, and it's also a boat on the water!

My family are British, but we're from different places. My mum's from Belfast in Northern Ireland, and my dad's from Cardiff in Wales. My sister is at university in Edinburgh in Scotland. That means I've got family in every capital city in Britain, apart from London. London's the biggest capital in the UK. There are over 7 million people there. It's an exciting place to visit, but the people in Liverpool are friendlier!

+ CULTURE ❑ The English-speaking world

I can talk and write about languages in my country.

3

1 1.51 **Answer the questions about the countries in the box. Then read and listen to the text and check your answers.**

Japan Australia Poland the United Kingdom the USA India China South Africa Brazil

1 In which of these countries is English a first language?
2 In which of these countries do people speak English as an official language?
3 In which of these countries do people speak English as a foreign language?

Are you speaking English?

In countries like the United Kingdom, the USA and Australia people speak English as a first language. But they don't speak exactly the same English. English sounds different in these countries because people use different pronunciation and there are different words for some things. Americans don't say 'football', they say 'soccer', and they say 'movie', not 'film.' Some Australians say 'G'day', not 'Hi', and they don't say 'this afternoon', they say 'this arvo.' In some countries, for example, India and some African countries, there are a lot of different languages, so people use English as the official language.

In countries where English isn't a first language, people speak English as a foreign language. People want to study English because it's an international language; it's in films, magazines and pop songs. A lot of people, especially scientists and business people, use English when they work, travel or use a computer.

About 80% of the information on the internet is in English. A lot of people communicate on the internet in English too. Some people write a different type of English when they communicate in chat rooms or by instant messages like MSN. They use words like 'uok?', 'thnx' and 'cul8r.' These words are faster to write than 'Are you OK?', 'Thanks' and 'See you later'!

2 **Read the text again and answer the questions.**

1 Do people in America and Britain speak the same English? Why / Why not?
2 What do some Australians say when they meet someone?
3 Why do some countries use English as an official language?
4 Why do people want to learn English?
5 Why do people use shorter words in messages?
6 What does 'cul8r' mean?

3 **YOUR CULTURE** **Answer the questions.**

1 What is the official language in your country? Is there more than one?
2 What other languages do people speak in your country? Where?
3 Do people use different pronunciation in different parts of your country? Where?
4 What foreign languages do students usually learn in schools? Why?

4 **TASK** **Write about languages in your country.**

- Look at your answers in exercise 3 and write a short paragraph for each question.
- Exchange texts with another student and correct any language and spelling mistakes.

+ CULTURE National parks

I can write about national parks in my country.

4

1 2.17 Look at the photos and answer the questions about a national park. Then read and listen to the text and check your answers.

1 Where is this national park?
2 What other animals do you think live in the park?

2 Read the text again and answer the questions.

1 How old is Banff National Park?
2 How big is the park?
3 What endangered animal lives in the park?
4 How many people visit the park every year?
5 When can you see wolves?
6 What animal is dangerous on the road?

THE GREAT OUTDOORS

Where can you see wild bears and elks in their natural environment? Where are wolves and mountain goats safe from hunters? Created in 1885, Banff National Park is Canada's first national park and the home of many wild animals.

Banff National Park is in the north of the Rocky Mountains, in the west of Canada. There are 6,641 square kilometres of beautiful mountains, forests, rivers and lakes in the park. This is home for fifty-three different mammals and hundreds of birds, fish and amphibians. Some of these animals are very rare, for example, the endangered mountain lion. But others, like elk or bighorn sheep, are common. You can often see these animals from your car when you are driving in the park!

The park is a great tourist attraction and over four and a half million people visit it every year. One very popular animal is the wolf. About forty wolves live in the park today and many people come to see them. But it's very difficult to see wolves because they are scared of people and they only hunt at night.

When you are walking or driving in the park, you need to be very careful because some animals are dangerous. Every year, there are road accidents with elks. In spring, male elks sometimes attack cars! Bears don't usually attack people. They can't see very well, but they run away if they hear people.

There are forty-two national parks in Canada, but they only cover 2.5% of the country. This is a very small area for a very big country!

3 **YOUR CULTURE** Answer the questions.

1 What national parks are there in your country?
2 Where are these parks and how big are they?
3 What animals can you see in these parks?
4 Are there any endangered animals?

4 **TASK** Write about a national park in your country.

- Work in pairs and choose a national park.
- Use the text above and your answers in exercise 3 to help you.
- Write a description of your park.

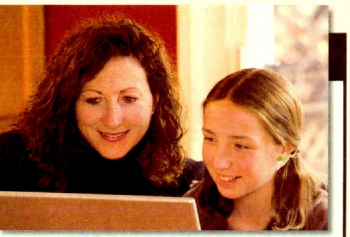

+ CULTURE Home schooling

I can discuss the advantages and disadvantages of home schooling.

5

1 2.35 Look at the photos below and answer the questions. Then read and listen to the text and check your answers.

1 Where is Ella?
2 What is she doing?

MY MUM IS MY TEACHER

It's 9.30 on Tuesday morning and I'm studying, but I'm not at school. That's because I'm home educated. All children in Britain between five and sixteen must have an education. This is usually at school, but it can be at home. School's boring for me because the lessons are really easy, so I stay at home and my mum teaches me.

I study the same subjects as students at school, but I can learn at my level. I'm really good at maths and I'm taking my maths GCSE[1] in May. Students take that exam when they're sixteen, but I'm only twelve.

I usually study for five hours a day. I don't wear a uniform; I can work in my pyjamas if I want! There's a computer in my 'classroom' and I do a lot of work on CD-ROMs and the internet. I do piano practice every day and I play the violin in an orchestra once a week.

I love learning at home. I haven't got any brothers and sisters, but I'm never lonely. I go to a sports club at the weekends and I've got loads of friends. I can talk to other people like me on the computer.

[1]GCSE = General Certificate of Secondary Education

2 Read the text again and answer the questions.

1 Why doesn't Ella go to school?
2 At what age do students usually take GCSEs in Britain?
3 What is different about Ella's education and students her age at school?
4 What does Ella do when she isn't studying?
5 How does Ella make friends?
6 In your opinion, is Ella's life interesting? Why / Why not?

3 YOUR CULTURE Answer the questions.

1 When do children usually start school in your country?
2 When can you leave school?
3 Can children be home educated?
4 What exams do students take in your country?

4 TASK Have a group debate about the question: *What is better, home schooling or state schools?*

- Work in pairs and list the positive and negative things about home schooling and state schools.
- Join another pair and discuss in your group. Use some of the expressions in the box.

Home schooling is a good / bad idea because ....
I think ... is great / boring ... because ....
It's good / bad for students to ....
It's better because ....
I don't think home schooling is ....

- Compare your ideas with other groups.

+ CULTURE ☐ Roman Britain

I can write about the Romans in my country.

6

1 2.52 Read and listen to the text. What do we call the Roman cities *Londinium*, *Mamucium* and *Eboracum* today?

2 Read the text again and answer the questions.

1 What was the Roman name for Britain?
2 Why do we use Julius Caesar's name for the seventh month?
3 Were there many towns and cities in Britain before Roman times?
4 Which city in Britain has a Roman festival every year? Why?
5 Where in Britain can you visit Roman baths?
6 What do modern roads follow?

3 YOUR CULTURE Answer the questions.

1 What was the Roman name for your country?
2 Are there many words from Latin in your language? Do you know any examples?
3 Was there a Roman town where you live? What was its name?
4 Is there anything in your country from Roman times?

4 TASK Write about the Romans in your country.

- Before the lesson, find out about the Romans in your country – dates, cities, buildings, names.
- In pairs, write a paragraph about the Romans in your country. Use the text below as a model.

Britannia

The Romans invaded Britain over 2,000 years ago. They called the country *Britannia* and stayed for about 400 years. The Romans changed a lot of things in the country, and we can see the changes in British life today.

Some English words come from the Roman language, Latin, for example, *autumn*, *habitat* and *alien*. The Roman emperor Julius Caesar started today's calendar. Later, they used his name for the seventh month, July, because he was born in that month.

There weren't many towns in Britain before the Roman invasion, and the Romans started a lot of new cities and towns. We live in these cities now, but we call them different names; Roman *Londinium* is now London and *Mamucium* is Manchester. York was a very important town in Roman times. They called it *Eboracum*. Today, people in this city have a Roman festival every year to celebrate their Roman history.

The Romans liked having a bath, and there were public baths in some of the cities. You can visit the Roman baths today – in Bath! The Romans also invented roads, and modern roads in Britain follow the old Roman roads in a lot of places.

+ CULTURE Britain's favourite games

I can play a language game in English.

BORED WITH COMPUTER GAMES...?

It's the weekend, and it's raining. How do children in Britain spend their free time? Playing computer games, maybe? But what games did they play before computer games?

In the past people played a lot of card games. One popular game was *Happy Families*. In this game, players collected cards with members of the same family. The winner was the first person to collect all the family members for their cards. Children liked games like *Happy Families* because they were fun and easy.

Board games were also very popular in Britain. Younger children liked simple games such as *Snakes and Ladders*. You go up the board when you land on a ladder and down when you land on a snake. The first player to get to the top of the board is the winner. Older children liked strategy games like *Monopoly*. Players travel round the board, buy houses and hotels, and make money.

British people loved language games too, such as *Hangman*. In *Hangman*, one player thinks of a word, and the other player guesses letters in the word. *Scrabble* was another popular language game, and it's still popular today.

Today, you can play *Monopoly*, *Scrabble*, and other traditional games on the computer. But why not turn your computer off and have a real game with your friends this weekend? It's more fun!

2 Read the text again and answer the questions.

1 How do children in Britain spend their free time now?
2 What did you collect in a game of *Happy Families*?
3 Is *Snakes and Ladders* a difficult game?
4 What do you do in *Monopoly*?
5 What type of game is *Hangman*?

3 YOUR CULTURE Answer the questions.

1 What games did people play in your country before TV and computers?
2 Do you sometimes play *Hangman*, *Monopoly* or *Scrabble*?
3 What board games are popular in your country?
4 What do you usually do in your free time?

4 TASK Play a language game.

- Work in small groups and read the rules of the game.
- Play the game in your group. If necessary, correct other players' sentences.
- The first group to finish is the winner.

Rules

Players take turns making sentences. The first sentence starts with the letter A (**A**re you late?). The second sentence starts with the letter B (**B**ig cars are expensive.) Continue like this to the letter Z.

You can make questions and affirmative, negative and imperative sentences. You can start a sentence with the name of a place or a person if you're stuck. You can't miss your turn or make incorrect sentences.

+ CULTURE ❑ Famous explorers

I can understand a text about a famous explorer.

On top of the world

Mount Everest in the Himalayas is every climber's dream. The 8,850-metre mountain is the highest place in the world and a very dangerous mountain. The weather changes all the time and it is often very windy and cold.

In the early 20th century, other expeditions tried to climb Everest but failed, and many people died there. Finally, on 29th May 1953, Edmund Hillary from New Zealand and Tenzing Norgay from Nepal became the first people to stand on the summit of Mount Everest.

Edmund Hillary was born in Auckland in New Zealand. He wasn't a very sporty young person, but he liked climbing and he had a dream. 'Someday I'm going to climb Everest,' he told a friend. He was serious, but nobody believed him! In those days, people didn't know if it was possible to climb higher than 8,000 metres because there isn't a lot of oxygen.

When he was 33, Hillary joined a British expedition to climb Everest. At 6.30 a.m. on 29th May, Hillary and Norgay left their camp at 8,503 metres and started climbing. They both carried heavy oxygen bottles. They were lucky because the weather was good. Five hours later, at 11.30 a.m., they were on top of the world! They spent fifteen minutes on the summit of Everest and Hillary took a photo of Norgay, but he didn't take a photo of himself! The news of their climb was in all the newspapers and the two men were heroes before they arrived home.

1 3.30 **Look at the photos and answer the questions. Then read and listen to the text and check your answers.**

1 What mountain are the people climbing?
2 Do you know who these climbers are?

2 **Read the text again and answer the questions.**

1 What is the weather like on Mount Everest?
2 What was Edmund Hillary's dream when he was young?
3 Why is it dangerous to go higher than 8,000 metres?
4 What did Hillary and Norgay take with them on the climb?
5 Why were Hillary and Norgay lucky?
6 Who is in the photo on the summit of Everest?

3 **YOUR CULTURE** **Answer the questions.**

1 What famous explorers or adventurers are / were from your country?
2 Where did they go and how did they travel?
3 What did they do? Why was their adventure special?
4 What explorer(s) in the world do you admire? Why?
5 Would you like to be an explorer or an adventurer?

4 **TASK** **Planning and asking about an expedition.**

- Work in pairs and imagine you are going on an expedition to an extreme place (North / South Pole, Sahara Desert, Matterhorn Mountain, Congo River, Mars, etc.).
- Make notes about dates, route, transport, weather, languages, dangers, etc. Make a list of things to take with you.
- Ask and answer *Yes / No* questions with another pair. Guess where they are going.

Are you going to wear ... ?

Are you going to travel by ... ?

Are you going to speak ... ?

3 Is it the capital city?

SYDNEY

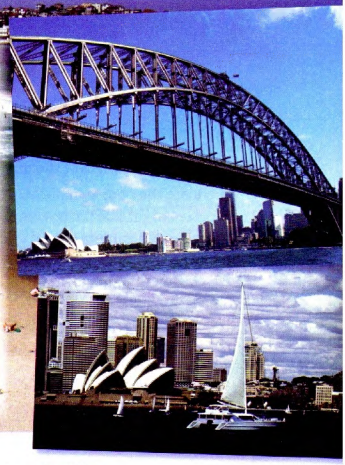

Sydney is the largest city in Australia with a population of 4.4 million. It is on the east coast of Australia, on the Pacific Ocean. Sydney is not the capital of Australia. The capital city is Canberra, a small city 280 kilometres south-west of Sydney.

Most people speak English, but you can hear many other languages in Sydney. Thirty per cent of the population are from other countries and there are always a lot of tourists.

Popular tourist sights include the famous Harbour Bridge. Tourists like to walk along the bridge to get an amazing view of the city. Some even do the bridge climb, a fantastic walk to the top, 134 metres above the harbour!

Sydney Opera House is one of the most famous buildings in the world. It looks like a group of giant sea shells and it houses a lot of concert halls and theatres.

There are 70 beaches in Sydney. Bondi Beach is the most famous of them. People come here from all over the world to surf the big waves. Tourists love to spend Christmas Day here and eat Christmas dinner on the beach!
